

Incorporating a new ultra-efficient lens design, our license lamps provide bright, even illumination that exceeds government requirements. The **L12** model is designed to meet DOT requirements for applications where the license lamp is recessed in relation to the mounting point. Screw holes are intended for mounting on a plane perpendicular to the license plate. Available in either black or chrome finish.

See www.TecNiqInc.com for more details and a complete list of part numbers.

L12

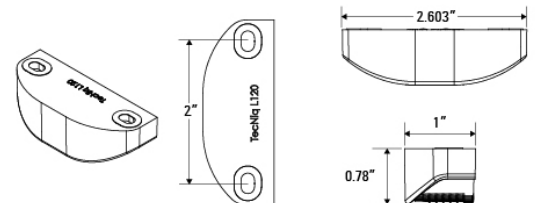

**DOT RATED
LICENSE LAMP**

Technical features

- ✦ SAE DOT rated
- ✦ TecSeal Urethane Potting - Guaranteed Circuit Board Protection
- ✦ Durable impact resistant lens
- ✦ Easily mounts using just two screws
